Friday 17th February ~ Valentines Disco 3.15-4.15

Friday 17th February ~ End of half term

Friday 24th March ~ Comic Relief

Problem Solving

If you see this sticker in your child's Maths book, it is identifying that they have used a systematic approach to solve a problem. Have a go at this systematic problem!

This represents the multiplication of a 4-figure number by 3.

$$\begin{array}{r} \star \star \star \star \\ \times \quad \quad \quad 3 \\ \hline \star \star \star \star \star \end{array}$$

The whole calculation uses each of the digits 0 – 9 once and once only.

The 4-figure number contains three consecutive numbers, which are not in order. The third digit is the sum of two of the consecutive numbers.

The first, third and fifth figures of the five-digit product are three consecutive numbers, again not in order. The second and fourth digits are also consecutive numbers.

Can you replace the stars in the calculation with figures?

Class Assemblies for Spring Term

Tuesday 31st January ~ Year 2

Wednesday 8th February ~ Year 4

Wednesday 8th March ~ Year 6

Tuesday 28th March ~ Year 1

Wednesday 5th April ~ Year 3

Sainsbury's Active School Vouchers

The Oaks Beavers and Cubs and Scouts are collecting Sainsbury's Active Kids vouchers, being issued in supermarkets until 2nd May 2017. They can then exchange them for sports and games equipment. If you receive any vouchers, or know anyone who regularly shops at Sainsbury's please give them in to the school office over the next few months.

Thanks for your support

Sainsbury's

Parents Evening

Please help us to run to time by sticking to the **10 minute** time slots.

Staff will stop the meeting after 10 minutes. If you feel you need to continue a discussion then you are very welcome to make another appointment.

Your support with this is appreciated.
