

The Oaks Primary School
Bringing Learning to Life

Key Stage 1 Acceptable Use Policy

- I always ask a teacher or suitable adult if I want to use the computers, tablets or cameras.
- I only open activities that an adult has told or allowed me to use.
- I know that I must tell an adult if I see something on a screen that upsets me, or I am unsure of.
- I keep my passwords safe and will never use someone else's.
- I know personal information such as my address and birthday should never be shared online.
- I know I must never communicate with strangers online.
- I am always polite when I post online, use our email and other communication tools.

I understand this agreement and know the consequences if I don't follow it.

Please read the Acceptable Use Policy with your child and sign below.

I understand that these rules help me to stay safe and I agree to follow them.

I also understand that if I break the rules I might not be allowed to use school computing equipment.

Parents / Carers:

I know that my child has signed an Acceptable Use Agreement and has and will continue to receive online safety education to help them understand the importance of safe use of technology and the internet – both in and out of school.

I understand that the school will take every reasonable precaution, including monitoring and filtering systems, to ensure that young people will be safe when they use the internet and ICT systems. I also understand that the school cannot ultimately be held responsible for the nature and content of materials accessed on the internet and using mobile technologies.

I understand that my child's activity on the ICT systems will be monitored and that the school will contact me if they have concerns about any possible breaches of the Acceptable Use Policy.

I will encourage my child to adopt safe use of the internet and digital technologies at home and will inform the school if I have concerns over my child's e-safety.
