Bringing Learning to Life

# Year 4 Class Letter

Twitter account - @OaksBolton. Facebook Page - The Oaks, Bolton

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
Spelling Test	Music PE		PE	Times Tables Test

## Autumn 2!

This half term our project is 'Food Glorious Food'. As part of our project learning we will be learning about food, nutrition, the digestive system, teeth and food chains. We will be designing and making our own healthy snacks as part of our project!

Remember to upload any home learning that your child does to Seesaw and check Twitter for pictures of learning in school. If you need to contact your child's class teacher you can email on robertsonk@the-oaks.bolton.sch.uk

## Home Reading

Children are expected to read at home on a daily basis. Children will be moved up to the next reading level once they are reading the level that they are on with confidence, and can show a good understanding of the texts. Ensure that you are asking your child questions about the vocabulary in the book and please make notes in the reading record about anything you may have discussed with your child. This is always really useful in school. Parents must sign the Reading Record to acknowledge that your child has read - Reading Records are checked weekly.

## Class Novel

This half term we will be reading Varjak Paw by S F Said as our class novel.

## Spelling Shed

Please encourage your child to complete their weekly spelling assignment on Spelling Shed.

## Maths & English

In English this half term, we will be focusing on writing non-chronological reports, persuasive writing and poetry. We will also be developing our proof-reading and editing skills.

In Maths we will be focusing on the written methods for addition and subtraction. We will also be learning about length, perimeter and angles - this is to cover the learning that was missed due to the school closure in the summer term. You can support your child at home by encouraging them to go on Times Tables Rockstars.

## REMOTE LEARNING

In the event that either your child has to isolate for 14 days or the whole class, it is now law that they must complete learning at home whilst isolating, providing they are fit and well to do so. This will be provided by school on a daily basis. Remote learning activities will be uploaded to SeeSaw daily therefore it is important that both you and your child can access their Seesaw account.

In the event of isolating at home and the class being in school your child will be sent log in details so that they can Zoom in to some specific lessons for their teaching input. This has worked very well for a number of children who have had to isolate already. In the event of whole class isolation, Mrs Robertson and Miss Ralph will host Zoom meetings each day with the children to deliver the learning input or to inform them of the day's activities. Children **must** attend these Zoom sessions. Zoom details will always be sent to your child via SeeSaw and email.
